

Carer Support

Are you caring for a loved one or friend? Would you like to have the support of others that are going through the same experience as you?

Come along and meet other carers in a supportive environment. Enjoy some social interaction and have a short respite break.

The program also includes one-on-one support, advocacy, regular workshops and transport to attend if needed. Carer Support Groups are available in the metropolitan area and the Wheatbelt, South West and Great Southern regions.

Carer Support is a Home and Community Care (HACC) funded service. The person you are caring for must be eligible to receive HACC services.
