

Join Red Cross as a family and Champion Humanity together

the
power of
humanity

Family Membership Application Form – Make your family part of our family

Help teach a new generation about the importance of our humanitarian work and build their social conscience. We'll provide the inspiration and tools to help your family make a positive difference in our world.

How can you help?

- ♥ There'll be simple and fun ways your family can take action together – from *baking the world a better place* with our annual Big Cake Bake, to cleaning out your wardrobe and donating your pre-loved clothes to our Red Cross Shops
- ♥ Talk with friends, school mates or colleagues about issues people are facing and how we are helping them
- ♥ Follow us on social media and share our stories with your networks
- ♥ Encourage other families at your work or children's school or sports club to become Red Cross members too
- ♥ As a family member, you can have a say in the future of Red Cross and how it is run

When your family joins Red Cross, you become part of the world's largest humanitarian organisation, helping alleviate human suffering without discrimination. Together your family can learn about our work and our global fundamental principles of humanity, impartiality, neutrality and voluntary service. Understanding these principles can help children learn how to respect and care for others as good global citizens.

As a Red Cross family you can learn about our work in Australia and around the world. Each month we'll email you inspiring stories and activities about the people we help, with updates about current humanitarian issues.

To help you get started, our family membership pack contains:

- A membership card for each family member – show this to receive up to 20% discount at any Red Cross shop and 20% off first aid courses and kits
- Stickers to publicly show your support
- Badges for the kids
- A Family Emergency RediPlan booklet for you to complete
