

PEACE OF MIND WITH A DEFIBTECH

DEFIBTECH LIFELINE AEDs Simply effective.

The Lifeline VIEW AED makes it easy for anyone – from the first responder to the untrained bystander – to respond confidently and appropriately during an emergency. This revolutionary life-saving device combines a sleek, user friendly design manufactured to military grade specifications – including the most proven biphasic waveform. The Lifeline VIEW was the first AED on the market with a full colour interactive display that shows step by step video for performing CPR, rescue breathing and external defibrillation.
