

# DECLUTTERED

Here's a handy guide on how to declutter and donate your preloved clothes to help fund Australian Red Cross' vital support services.

1.

Lay your wardrobe out in your room and **split into two piles**: the items you wear often and the items you don't seem to wear as much.

2.

Take the items you don't wear as much and **try on each piece as part of an outfit** – shoes and all. By doing this you can see what you like and don't like, what doesn't fit, and what you realistically won't wear anymore.

3.

Gather the clothes, shoes and accessories you no longer want or need and check they're undamaged, unsoiled, and of good quality. **Remember, if you wouldn't give it to a mate, don't donate.**

4.

**Take your donations to an Australian Red Cross Shop** and receive a stamp on our loyalty card for your generosity. Once you reach 10 stamps you'll get 25% off your next purchase.
